Gym strip information over page...

* * * * *

PHYSICAL EDUCATION GYM STRIP - INTERMEDIATE STUDENTS

In order to derive full benefit from the Physical Education program, it is essential that children be properly dressed. Active participation makes a change of clothes necessary. It is neither comfortable nor healthy to sit in perspiration-moistened clothes.

Running shoes are essential for safety purposes.

Equipment Required:

- Shorts (for safety, no belt loops or back pocket, no cutoffs, loose fitting to allow for movement)
- Tee shirt (not the undershirt worn the rest of the day in school)
- Drawstring bag or small satchel in which strip can be hung on a hook when not in use. (NO plastic shopping bags, please)
- Athletic shoes for indoor use only:
- Running shoes worn for physical education should be kept at school.
- If running shoes are worn daily to and from school, they track dirt and grit onto the Gym floor, ruining the finish and creating a slippery surface. P.E. running shoes worn all day end to become offensive. We would like to discourage their wear in the classroom.

ALL ITEMS OF GYM STRIP SHOULD BE MARKED CLEARLY, AS FOLLOWS:

1. Student's Full Name
2. Student's Division

Special marking pencils and tapes can be purchased for marking these articles.

Please Note:

1. Teachers' marks for physical education will take into account:
 - a. care of strip, including cleanliness
 - b. having strip when required
2. A note from parent in case of illness will excuse a pupil from physical education period for a short period of time.
3. Any child who is medically restricted in any way from participating in P.E. is required to bring a note from the doctor.
